About us

At Worivo Export, Rajsamand, we proudly bring the unmatched strength, durability, and natural beauty of Alaska stone to the global market. Based in the heart of Rajasthan's rich stone belt, we specialize in the export of Alaska blocks, slabs, and cobbles, serving a wide range of clients in the construction, landscaping, and architectural design industries.

Partner with Worivo Export to experience a blend of traditional craftsmanship and modern export efficiency in every shipment of Alaska stone.

Cobble

Our Alaska stone cobbles are perfect for paving driveways, walkways, gardens, and outdoor spaces. Known for their rugged texture and natural charm, these cobbles add a rustic yet elegant appeal to any environment. Available in various sizes and finishes, they are easy to install and built to last.

Slab

The Alaska stone slabs we offer are ideal for flooring, cladding, countertops, and interior design applications. With smooth finishes and natural color variations, these slabs bring timeless beauty and strength to any space—residential or commercial.

Block

Our premium Alaska stone blocks are directly sourced from the quarries of Rajsamand and are suitable for customized processing. These raw blocks are used by manufacturers and fabricators for creating slabs, monuments, tiles, and more, ensuring complete flexibility for large-scale projects.
